

# Clear Hills County

Effective Date: <b>April 10, 2007</b>	Policy Number <b>3103</b>
Title: <b>INSPECTION &amp; HAZARD IDENTIFICATION POLICY</b>	

## 1. Policy Statement

- 1.1. Clear Hills County will control losses of human and material resources by identifying, eliminating or controlling hazards that pose a threat to the well being of this county's workers or the public at large at municipal job-sites or facilities. The county will maintain a comprehensive program of safety inspections and hazard assessments at all facilities and job-sites.

## 2. Responsibilities

- 2.1. Supervisors are responsible for directing formal inspections and hazard assessments on job-sites that they control and for involving workers in such inspections. Supervisors are responsible for conducting ongoing informal inspections of areas where their crews are working.

## 3. Training

- 3.1. Supervisors and appropriate Staff members involved in the Inspection and Hazard Identification process shall receive training in this activity.
