Fire Season Starts March 1st

The lower fire hazard in winter means it is a safer time to be doing your burns, though there are still some necessary precautions to take before burning, like monitoring the weather to ensure smoke from your burn won't negatively impact surrounding areas.

On particularly cold winter days, inversions and other weather factors can cause smoke from a winter burn to stay close to the ground and travel great distances. An inversion happens when cold air is trapped near the ground by a layer of warmer air above it. Inversions can cause dangerous driving conditions and impact nearby communities.

- * Consult local municipality and authorities on how to mitigate impacts when undertaking larger winter burning projects near communities and roadways.
- * Actively manage burn projects to reduce disposal time and smoke impacts.
- * Burning debris in stages will allow you to adapt to changing weather conditions and reduce smoke. Monitor weather conditions: lower temperatures and lighter wind speeds can result in stronger inversions. The ideal conditions for burning are typically days with the average temperatures and wind speeds over 5km/h.
- * Always ensure proper safety precautions are taken when burning and appropriate signage is in place when burning within 1 mile of a roadway.
- * Call the County at 780-685-3925 ext. 115 for Smoke Ahead signage.

RE: Medication dispensing at the Worsley Community Health Centre

Alberta Health Services (AHS) is currently updating our processes regarding the dispensing or filling of prescriptions at the Worsley Community Health Centre to better align with regulatory guidelines set by the [Nurse Practitioner Association of Alberta](#) and the [Alberta College of Pharmacy](#).

This decision was made with patient safety in mind and ensuring healthcare teams are working within the scope of their roles as set out by their regulatory bodies. Upon review by both regulatory associations, it is clear that this service cannot continue.

We acknowledge that this required change will impact some residents, and we apologize for any confusion or inconvenience that this has caused.

The onsite Nurse Practitioner will continue to prescribe medications; however, patients are unable to have their prescriptions filled or dispensed at the health centre. Over the counter medications will also not be available for purchase.

The Nurse Practitioner will be able to provide small amounts of medications in urgent circumstances. However, patients will need to visit a registered pharmacy to have their full prescription filled or dispensed.

Did you know!

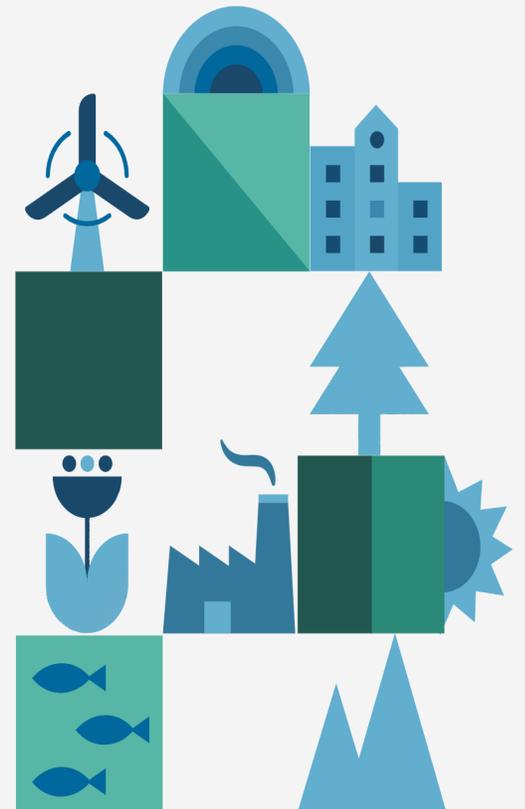

In accordance with the Municipal Government Act every municipality must pass a land use bylaw.

The purpose of the bylaw is to outline the rules and regulations for development of land within the Municipality.

Clear Hills County Council is reviewing our current Land Use Bylaw to make it easier to read and find information, in addition also cleaning up duplicate items or items that are not relevant to our county. This review is being completed without changing the original content and information.

If you are planning to construct a building, start a business, change land use (zone), undertake renovations or redevelopment, erect a sign, or establish a secondary suite, the Land Use Bylaw will provide direction on the applicable rules and regulations you'll need to consider.

Have questions about the Land Use Bylaw review? You can contact Allan at 780-685-3925 ext. 121.

Do you need a Development Permit?

Development Permits are required in Clear Hills County pursuant to the Clear Hills County Land Use Bylaw. A Development Permit ensures that the proposed use of the land does not conflict with surrounding uses and that the proposed development is set back the appropriate distances from the property lines and roadways, located in a safe location (not too close to water bodies or oil and gas facilities etc.)

When you are planning to construct a new building, structurally renovate an existing building, or change the use of your property, you will need a development permit.

The Clear Hills County Land Use Bylaw also details development NOT requiring a permit. A few common ones are:

- Any farm use building, shed, dugout (located at least 40.8m/134 feet from the road right-of-way) or minor accessory use that otherwise conforms with the provisions of the Land Use Bylaw.
- Minor repair or maintenance to a building (provided there are no structural changes).
- The erection or repair of a fence that is less than 1 meter (3 feet) in height in front yards and 2 meters (6 feet) in height in rear and side yards.
- Decks (provided they have no walls or roof and are less than .6 meter (2 feet) from the ground level.
- Accessory buildings (sheds etc.) under 9.29m² that do not have a foundation.

Development Permit Application forms are available at the County office or on the website.

Contact Shelby Giesbrecht at 780-685-3925 ext. 104 for more information.

Additional Permits

In addition to a Development Permit from Clear Hills County, you may also require:

- Building Permit
- Gas Permit
- Electrical Permit
- Private Sewage treatment System Permit

For more information on where to get a permit go to www.safetycodes.ab.ca or call 1-888-413-0099 toll free.

All development located within 0.8km of a provincial highway requires a Roadside Development Permit from Alberta Transportation.

For more information call 780-427-2731.
