National Day for Truth and Reconciliation

On September 30, the Day for Truth and Reconciliation, Canadians learn, recognize and reflect upon the history and ongoing legacy of residential schools, the trauma experienced by many, and the hope for a healthy future. The day emphasizes the ongoing need for reconciliation, and building and strengthening relationships between Indigenous and non-Indigenous people.

September 30 is also Orange Shirt Day, a day when Canadians wear orange to recognize the ongoing intergenerational effects of residential schools and to acknowledge that “Every Child Matters”. The orange shirt symbolizes the stripping away of culture, self-esteem and freedom from Indigenous children over generations.

Top 10 List for Winterizing Trees

- Remove or correct structural faults and deadwood that are clearly visible.
- Properly prune branches that will touch the ground when loaded with snow.
- Remove damaged and declining branches and bark.
- Remove any new sprouts that have grown at the tree base, or along stems and branches.
- Spread a thin layer of composted organic mulch to blanket the soil. Cover an area at least as large as the branch spread.
- Properly wrap new trees that have not developed a corky bark.
- Aerate soils if they are compacted and poorly drained.
- Fertilize with all essential elements if they are in short supply within the soil.
- Mulching is a highly effective remedy. Leaves will make an excellent mulch but to prevent them packing, run over them a few times with a lawn mower to make a light porous mulch.
- If your trees and shrubs are likely to be exposed to drifting snow or particularly sever winds, you can protect them with burlap screens attached to stakes.

Announcement: Clear Hills County Biggest Vegetable Contest

We are excited to announce the Clear Hills County Biggest Vegetable Contest, a celebration of bountiful harvests and the remarkable achievements of our local gardening enthusiasts. This annual event is an opportunity for residents to showcase their green thumbs and compete for the title of producing the most colossal vegetables in the county!

The Biggest Vegetable Contest weighing stations will be set up at the following locations:

1. Monday, September 18 - Cleardale Co-op Parking Lot Time: 5:30 p.m. - 7:00 p.m.
2. Tuesday, September 19 - Cherry Canyon Hall Parking Lot Time: 5:30 p.m. - 7:00 p.m.
3. Wednesday, September 20 - Clear Hills County Office Parking Lot Time: 1:00 p.m. - 4:30 p.m.
4. Wednesday, September 20 - Hines Creek West End of Main Street Time: 5:30 p.m. - 7:00 p.m.

All proud gardeners and farmers in Clear Hills County are encouraged to bring their most impressive, jumbo-sized vegetables to one of these locations during the specified times for official weighing. Whether you have grown an enormous pumpkin, an enormous carrot, or any other gargantuan vegetable, we want to see it!

Participants will have the opportunity to compete in various categories, including:

- Beets
- Cabbage
- Carrots
- Corn
- Onions
- Potatoes
- Pumpkins
- Tomatoes
- Turnip
- Zucchini
- Other Squash
- Most Unique

There will be two entry groups: Kids (12 & under) and Adults (13 & over). Contestants will compete within their respective age groups.

The first-place winners in each category of both the Kids and Adults groups will receive a cash prize of \$50.00. It's an opportunity to recognize and reward the efforts of our talented participants.

Winners will be announced at the end of the contest, and their names will be published in the October County Newsletter. Additionally, their achievements will be celebrated at the Agricultural Trade Show the following April.

Not only will the contest bring together the community in friendly competition, but it will also be a fantastic occasion to exchange gardening tips, share stories, and admire the incredible produce grown within our county.

So mark your calendars and prepare your vegetables for the Clear Hills County Biggest Vegetable Contest. Let us celebrate the abundance and passion of our local gardening community. We look forward to seeing you and your impressive vegetables at one of the weighing stations!

For any inquiries or further information, please contact the Clear Hills County Office at 780-685-3925 Ext. 108
Happy gardening and may the biggest vegetable win!

Disburses funding for various recreational organizations and activities in the Worsley Area.

There are 5 Recreation Boards in the County:

- ❑ Cleardale Agricultural Society and Recreation Board
- ❑ Cherry Canyon Agricultural Society and Recreation Board
- ❑ Worsley and Area Recreation Board
- ❑ Hines Creek and District Recreation Board
- ❑ Burnt River Recreation Board

The operating grant funds are allocated to the Recreation Boards based on a point system, which have been established for the facilities in each Recreation Board's boundaries.

Recreation Boards guidelines for distributing money are:

- 1st Maintenance of existing facilities
- 2nd Existing recreation/cultural programs
- 3rd Intent to access matching grants
- 4th New recreation/cultural programs

Groups or individuals that approach the County for funds to provide recreation or cultural programs are referred to the above Recreation Boards.

Public Works Programs & Services

Driveway Snow Removal

Clear Hills County provides Driveway Snow Removal to:

- Senior Citizens:** Must provide one item for proof of age, i.e., birth certificate, driver's license or other document which includes date of birth.
- Special Needs:** must be in possession and provide proof of a current Provincial Handicap Sticker.
- Full Time Bus Drivers:** Must provide proof of full-time employment, annually letter from employer.

Summer Grading Program

Summer Driveway Grading is provided to senior citizens, once per season, during the summer months. To qualify you must be 65 years of age or over, sign a waiver and provide proof of age. A waiver can be found on the County website and proof of age must be shown in person or by email. Once signed up, you do not need to fill out a waiver every year. When ready to request the service, you must contact the County office at 780-685-3925 ext. 108.

Annual Equipment Registry

The intent of the equipment registry is to obtain an annual working list of available equipment and attachments to perform work on short-term projects.

Annually the County will advertise for contractors wishing to be included in the 'Annual Equipment Registry.' The packages are to be returned to the County office on the first Friday the office is open for business, after the New Year.

Any trucks wishing to be on the list for hauling gravel must submit their truck information with the 'Annual Equipment Registry' by the deadline.

What is prostate cancer?

Prostate cancer is the abnormal growth of cells in a man's prostate gland. The prostate sits just below the bladder. In young men, the prostate is about the size of a walnut. As men age, the prostate usually grows larger. Prostate cancer is common in men older than 65. It usually grows slowly and can take years to grow large enough to cause any problems. As with other cancers, treatment for prostate cancer works best when the cancer is found early. Experts don't know what causes prostate cancer, but they believe that your age, family history (genetics), and race affect your chances of getting it.

What are the symptoms?

Prostate cancer usually doesn't cause symptoms in its early stages. Most men don't know they have it until it is found during a regular medical examination. When problems are noticed, they are most often problems with urinating. But these same symptoms can also be caused by an enlarged prostate (benign prostatic hyperplasia). An enlarged prostate is common in older men.

How is prostate cancer diagnosed?

The most common way to check for prostate cancer is to have a prostate-specific antigen (PSA) blood test. PSA tests can help find some prostate cancers early, when the cancer may be easier to treat. A large study of prostate cancer screening showed that PSA testing may prevent a small number of deaths from prostate cancer. A higher level of PSA may mean that you have prostate cancer. But it could also mean that you have an enlargement or infection of the prostate. If your PSA is high, you may need a prostate biopsy to figure out the cause. A biopsy means that your doctor takes tissue samples from your prostate gland and sends them to a lab for testing.

How is prostate cancer treated?

Your treatment will depend on what kind of cancer cells you have, how far they have spread, your age and general health, and your preferences. You and your doctor may decide to manage your cancer with active surveillance or to treat it with surgery or radiation. If you are over age 80 or have other serious health problems,

Spending time in the sun

A sunburn is skin damage from the sun's ultraviolet A and ultraviolet B (UVA and UVB) rays. Most sunburns cause mild pain and redness but affect only the outer layer of skin (first-degree burn). The red skin might hurt when you touch it. These sunburns are mild. They can usually be treated at home. Skin that is red and painful and that swells up and blisters may mean that deep skin layers and nerve endings have been damaged (second-degree burn). This type of sunburn is usually more painful and takes longer to heal.

Other problems that can occur along with sunburn include:

- Heatstroke or other heat-related illnesses from too much sun exposure.
- Allergic reactions to sun exposure, sunscreen products, or medicines, such as antibiotics, some acne medicines, and some diabetes medicines.
- Vision problems, such as burning pain, decreased vision, or partial or complete vision loss.

Long-term problems include:

- An increased chance of having skin cancer.
- Having more cold sores.
- More risk of problems related to a health condition, such as lupus.
- Cataracts from not protecting your eyes from direct or indirect sunlight over many years. Cataracts are one of the leading causes of blindness.
- Skin changes, such as premature wrinkling or brown spots.

People with white or freckled skin, blond or red hair, and blue eyes usually sunburn easily. People with darker skin don't sunburn as easily. But they can still get skin cancer. It is important to use sun protection, no matter what your skin colour is.

Your age also affects how your skin reacts to the sun. Children's skin is more sensitive to sunlight.

You may get a more severe sunburn depending on:

- The time of day. You are more likely to get a sunburn between 11 a.m. in the morning and 3 p.m., when the sun's rays are the strongest. You might think the chance of getting a sunburn on cloudy days is less, but the sun's damaging UV light can pass through clouds.
- Whether you are near reflective surfaces, such as water, white sand, concrete, snow, or ice. All of these reflect the sun's rays and can increase your risk of getting a sunburn.
- The season. The position of the sun on summer days can cause a more severe sunburn.
- Altitude. It's easy to get sunburned at higher altitudes. That's because there's less of the earth's atmosphere

Enjoy water activities safely this summer

Summer means it's time to get outside and enjoy the weather. For many Albertans, that may mean time at the lake or by a pool or river.

There is always a risk of injury when you're around water or swimming, especially in unmonitored bodies of water.

Here are some ways you can prevent water-related injuries and illness:

- Wear a Canadian-approved life jacket or personal flotation device in a boat and make sure it fits.
- Young children should wear life jackets when they are in, on or around the water. Stay right beside your child and be aware of fast-moving water.
- Swim with others when there is no lifeguard present and be cautious in open water such as lakes or rivers.
- Avoid alcohol, cannabis and any other substance that may affect your judgment before and during water activities.

Lakes, rivers and streams may also contain disease-causing microorganisms or parasites that can cause allergic reactions (swimmers' itch). Not all beaches are monitored for biological, chemical, and physical hazards. Check cyanobacteria (blue-green algae) advisories by visiting: [Active Health Advisories | Alberta Health Services](#) or look for posted advisory signs at public beaches.

Reduce your chance of getting swimmers' itch:

- Dry yourself with a towel as soon as you leave the water.
- Avoid beaches where swimmers' itch is a problem.
- Wash your hands and rinse your body off after swimming or wading in lakes, streams or rivers.

BACK TO SCHOOL LUNCH TIPS

It's that time of year again! Back to school 2023 season is upon us and that means many parents are going to need all the Back to School Lunch Tips

HELPFUL TIPS WHEN PACKING SCHOOL LUNCHES

- **PLAN AHEAD** - Make back to school lunches ahead of time at night and portion off any dried snacks that keep well on Sundays for the rest of the week.
- **MIX IT UP** - Include a variety so your child doesn't get bored. Switch things up and pair different snacks, fruits, carbs and protein. Leftovers like muffins, pasta salads or chilled sesame noodles are some great choices for school lunch ideas for kindergarten and high school.
- **KEEP THINGS FUN WITH SOME DIY "LUNCHABLES"** - Allow your child to put together their own DIY pizzas or wraps with dips and sauces to make things interesting. Yogurt, hummus, guacamole and salsa are great for adding flavor to vegetables and fruit.

Do you have livestock?

Are you aware of the VSI (Veterinarian Services Incorporated) Program?

Aids in the development of livestock expansion with a long term goal of the producer and veterinarian services sustainability.

The VSI program supplies a cost-share support to livestock producers, whereby Clear Hills County covers 50% of the cost eligible veterinary procedures.

Membership is \$52.50 for a five year term.

Do you know the County has a BSE Testing Incentive Program?

The BSE testing program is to encourage producers to participate in BST Testing and assist in realizing the target of 30,000 beef cattle annually being tested to keep Canada's status as a controlled BSE risk country.

Eligibility: must be a VSI member and resident/landowner in Clear Hills County with livestock.

Restrictions: Only Veterinarian Clinics (and livestock owners) will have access to the BSE test results.

Process: VSI services provides the County with a list of members that had beef cattle tested in the quarterly report. The County then pays the member. The 2022/2023 incentive is \$125/animal.

Thank You, Clear Hills County!

The Clear Hills County Council extends its heartfelt gratitude to all the incredible community members who joined us for the remarkable 18th annual Clear Hills County BBQ, held at the Many Islands Campground. What a fantastic way to celebrate our strong and vibrant community!

It was a sight to behold as people from every corner of the county gathered together, creating a true "County of the Whole." The spirit of unity and fellowship filled the air, reminding us all of the power of coming together as one big family.

On this occasion, the Council takes a moment to acknowledge and honor the unwavering dedication of individuals, businesses, and groups who stood tall amidst the devastating wildfires that swept through our county. In the face of adversity, you showed unparalleled strength and resilience, dedicating endless hours to safeguarding Clear Hills County.

Your tireless efforts and selflessness are nothing short of extraordinary. Your acts of bravery and kindness made an indelible mark on our community's heart, inspiring hope and fostering a sense of togetherness that will last a lifetime.

We would like to express our sincere gratitude to everyone who played a role, big or small, in ensuring that Clear Hills County stands strong and united. Your commitment to each other and your willingness to lend a helping hand during the toughest times exemplify the true spirit of community.

As we bid farewell to this year's BBQ festivities, we eagerly anticipate the 19th annual Clear Hills County BBQ, where we can come together once more to cherish the bonds we've forged and create lasting memories.
